

OdorZorb™ Masking Agent Absorbent

Product Overview

A corn cob based absorbent product that has been impregnated with proprietary masking agents. OdorZorb has four times the absorbent capacity as our clay based Pitch-in products. OdorZorb is great for masking odors and absorbing residual liquids emanating from solid waste containers, organic matter and identifiable odor generating materials.

A variety of scents are available in the OdorZorb line of products to provide a pleasant environment for neighbors and on-site personnel.

Typical Scents

- Floral,
- Pine,
- Cherry,
- Citronella

If the scents listed above do not meet your needs, please ask your sales representative and we may be able to custom blend a special order scent

Uses

OdorZorb products can be used in;

- Dumpsters
- Roll-Off Containers
- Trash Cans
- Packers
- Tipping floors,
- Driveways,
- Mobile Equipment,
- Direct surface applications

Available in

All concentrated OdorZorb products are available in a multitude of container sizes to meet your individual needs. Please specify what size container is right for you.
